In another game-changing move, Globe myBusiness launches its world-class education solutions portfolio, consisting of integrated learning program Brightspace from Desire2Learn, school management system Educube from Globals Inc. and eBooks from Flipside Publishing.

These groundbreaking offers are part of Globe myBusiness’s thrust of enabling success among small and medium businesses, particularly in the education sector, providing the Philippine education system access to the latest technologies, tools and content that will ultimately benefit students of today and in the future.

Education businesses, such as schools and content publishers, can benefit from these technology-based offers as the products ensure cost-efficiency, as well as more effective and streamlined processes aligned with global standards.
